

## Cotemar: 14 years of excellence and social commitment in Mexico

March 10, 2026.

Mexico City, Mexico. - Consistency is the hallmark of great institutions. This year, Grupo Cotemar reached a fundamental milestone in its history by receiving, for the fourteenth consecutive year, the ESR® (Socially Responsible Company) Distinction awarded by Cemefi.

This recognition not only validates compliance with international standards but also celebrates nearly a decade and a half of integrating ethics and sustainability into the company's DNA. Regarding this, a source from the organization highlighted:

"Reaching 14 years with this distinction is no coincidence; it is the result of a culture that understands that a company's success is measured by the well-being it generates for its people and its environment. At Cotemar, social responsibility isn't a goal, it's how we operate."

This year's evaluation highlighted Cotemar's strength in its governance pillars and its ability to respond to the expectations of its stakeholders. By maintaining this certification uninterrupted, the company reaffirms its commitment to prioritizing respect for the rights of its employees and strengthening the communities where it operates.

With this achievement, Grupo Cotemar reaffirms its commitment to the future of the country, demonstrating that technical expertise and social responsibility are the driving forces behind the sustainable development of industry in Mexico. This new distinction is a renewed promise to its clients, investors, and, above all, to the families that are part of the Group.
